Award for Excellence for Institutional Achievement

The Award of Excellence for Institutional Achievement is to honour significant institutional achievements in the innovative and effective application of learning technologies and open and distance learning methodologies to reach students who might otherwise not have participated in the learning or training experience.

The Namibian College of Open Learning was selected for recording an impressive growth in learner enrolments of 70% from across Namibia's vast land area of

824,300 square kilometers and posting increased pass rates of 59% for Grade 10 (Junior Secondary) and 41% for Grade 12 (Senior Secondary).

NAMCOL's award-winning corporate governance system, along with its expanded programmess, have enabled it to introduce a range of high-quality, low-cost professional and vocational course offerings and to address in a focused fashion four of the eight Millennium Development Goals.
